G **D**
Aching to get home to my first love,
Em **C**
And everything we could have been.
G **D**
But there's a mountain between us,
Em **C**
Up here the air's getting thin.

Intro: Em, Cmaj7, D2
(add F# on E string)

(Am) **D G C**
If I can, take one step,
D G C D
Then I can, take one more.

CHORUS:

On I go
C D Em
Step by step,
G(add D) D
Hurting where God only knows.

Though I go
C B7 Em
Step by step,
C D 1. **Em7, to V2.**
The mountain between us grows. 2. **D7, to Bridge.**

Your heart beats beside me, keeps me alive **G, D**
Is that your voice, I hear? **Em, C**
And though the memories stay warm inside, **G, D**
The truth is a circling fear. **Em, C**

(Am) **D G C**
So I, take one step,
D G C D
And then I, take one more.

BRIDGE1: **Em** **C** **G** **D**

 And now from, this mountain, I clearly see

 Angels have always been carrying me.
Em **C** **G** **C (hold)**
 Getting me past what I wish we could be.
Am7 **Am/B** **Am/C** **D >>>**
 Tomorrow awaits to make new memories.

BRIDGE3:

1Up on this mountain, I clearly see
 2Faith formed the wings that are carrying me.
 3Flying me past what I wished we could be.
 4Tomorrow I'll start making new memories.

2Faith forming wings, carrying me.
 3Flying me out of the past where I lean / I'm stuck.
 4Into tomorrow for new memories.

FINAL CHORUS:

And I go
 Step by step, **C, D, Em**
 Healing where God only goes/sees. **G(add D), D**

And in that
 Last small step, **C, B7, Em (hold)**
 Love moved the mountain, behind us – I'm home/free. **:::G, D, Em7, C:::**
