

# MY HEART IS SIX YEARS OLD

Joey Daddario

**G D G DG D G D**  
My heart is six years old, I still believe in perfect love.

**G D G**  
No matter how love hurts,  
**D Em D G**  
This wounded heart will not give up.

**Em Bm**  
I can't stop believing

**C D**  
In love though I'd be justified you know,  
**Em Bm C D D, D/C, D/B, D/A**  
Cause it hasn't been easy, For a heart that refuses to grow.

My heart is six years old, I still trust everyone I meet.  
I'm searching for the one that I believe will rescue me.  
I could have said yes  
To love that I knew wasn't right,  
Just to have someone I'd be holding tonight, but then I know

**BRIDGE: C G D D**  
To pray that God is working on someone  
**C G D, D**  
Just like He's working on me,  
**Bb C D D, D/C, D/B, D/A**  
Shaping our hearts for the day that we meet.

## BREAK

**(Em)**  
So I live in a dream world  
Of prayers and teddy bears and happy endings,  
Where I shut out the real world  
Till my childish heart has finished mending.

My heart is six years old, And now no matter how I try,  
I can't get back the love, That once was buried there alive.  
My heart is six years old.
