

### Verse

I remember Your name at night time  
For the new life You have given  
As You've turned my eyes from the worthless prizes  
And set my gaze on heaven

### Verse

In the dead of night I thank you  
For instructions clear and true  
For a day full of Your faithful love  
I'm set upon Your rules

### Chorus

You loved me all along  
Through every loss and every song  
Your still soft voice calls out my name  
You my joy come close and live again

### Verse

While I'm waiting between my wishes  
And my doubts begin to cascade  
Still there's this I know You don't let go  
Of what Your hands have made

### Chorus

Help me understand  
To live again hand in hand  
Turn my heart that I may claim  
You my Lord have made me live again

### Verse

In the pauses between the brush strokes  
In my racing thoughts and fears

You are laying down my next right step  
You care to me it's clear
